

FEDERATION COLOMBOPHILE INTERNATIONALE

TO ALL FEDERATIONS AFFILIATED WITH FCI

Date: 15/5/2026

Subject: Mandatory Use of the Official Term “FCI Racing Pigeon Olympiad”

Dear Mr. President,

Following our previous letter dated 14/5/2026, we would like to emphasize and formally remind all affiliated federations, member organizations, event organizers, and partners operating within the FCI structure that, with immediate effect, the official term:

“FCI Racing Pigeon Olympiad”

must always be used in all forms of communication and reference.

This official designation must be used systematically and consistently in:

- all communications and correspondence;
- all references and mentions;
- all websites and subpages;
- all social media platforms;
- all publications, catalogues, and promotional materials;
- all events and event-related communications;
- all titles, regulations, and official documents.

The use of any alternative wording, abbreviations, or references that omit the full official denomination should be avoided.

We kindly request all federations and associated organizations to ensure that all existing and future materials are updated accordingly without delay.

We thank you for your immediate cooperation and remain at your disposal should you require any further clarification.

Yours sincerely,

Dr. David Barros MADEIRA
FCI President
